3 TAX WITHHOLDING ELECTION

A. Federal Withholding

IRS regulations require the custodian or trustee of your IRA to withhold federal income taxes from the conversion distribution at the rate of 10% unless you elect not to have withholding apply. Withholding will apply to the entire amount of the conversion distribution, including the amount of any nondeductible contributions that may have been made to the IRA. You may not convert any portion of required minimum distributions (RMDs).

Please make an election:

- I elect **NOT TO** have federal income tax withheld from this conversion distribution from my traditional IRA. This option is only available for accounts registered with an address in the United States.
- I elect **TO** have 10% federal income tax withheld from this conversion distribution from my traditional IRA.
- I elect **TO** have _____% federal income tax withheld from this conversion distribution from my traditional IRA.
(must be more than 10%)

Important: If you elect to have federal income taxes withheld, you may still invest the entire amount of the conversion distribution into your Legg Mason Funds Roth IRA by using other assets to replace amounts withheld as a prepayment of federal income taxes.

Remember, if you use your IRA assets to pay taxes on the conversion distribution amount (either by liquidating additional shares or by not replacing amounts withheld for federal income tax), the IRA assets used to pay those taxes may be considered a premature distribution (if you are under the age of 59 1/2) since they are not being converted into the Roth IRA or rolled over into another IRA and you could also be subject to a 10% early withdrawal penalty.

B. State Withholding

Your state of residence will determine your state income tax withholding requirements, if any. Those states with mandatory withholding may require state income tax to be withheld from payments if federal income taxes are withheld or may mandate a fixed amount regardless of your federal tax election. Voluntary states let individuals determine whether they want state taxes withheld. Some states have no income tax on retirement payments. Please consult with a tax advisor or your state's tax authority for additional information on your state's requirements.

- I elect **NOT TO** have state income tax withheld from my retirement account distributions (only for residents of states that do not require mandatory state tax withholding).
- I elect **TO** have the following dollar amount or percentage withheld from my retirement account distribution for state income taxes (for residents of states that allow voluntary state tax withholding). \$ _____ or _____ %
