The performance shown represents past performance. Past performance is no guarantee of future results and current performance may be higher or lower than the performance shown. Principal value and investment returns will fluctuate, and investors' units, when redeemed, may be worth more or less than the original cost. For performance data current to the most recent month end, go to scholars-choice.com.

For performance data including the effects of sales charges, Class A units reflect the maximum front-end sales charge of 3.50% and the Class B units reflect the maximum deferred sales charge of 2.50%. Class C units have no initial or deferred sales charge, but are subject to a distribution fee of 0.75%. The purchase of Class O units is restricted, as disclosed in the PDS. The unaudited performance data shown is net of all fees and expenses, but does not reflect the annual \$20 small account balance fee which may be applicable to certain accounts.

Estimated Expense Ratio includes, as applicable, estimated underlying fund expenses, the Manager's service fee, Collegenest's administration fee and an annual distribution fee. Actual underlying fund expenses borne by a Portfolio may be higher or lower than the estimate of such expenses used in calculating a Portfolio's Estimated Expense Ratio. Please read the PDS for more information concerning fees and expenses.

*Class B units are no longer available for purchase. However, an Account Owner who is changing investment option(s) may transfer existing Class B units of a portfolio to Class B units of another portfolio, if available.

†Collegenest currently is electing to waive 0.04% of its 0.10% administration fee commencing September 1, 2011. While such waiver continues in effect, Collegenest will receive an administration fee at an annual rate of 0.06% of the average daily net assets in each Portfolio. Such waiver may be reduced or terminated at any time. Portfolio returns would have been lower in the absence of such waiver.

Class C units have no initial or deferred sales charge, but are subject to a distribution fee of 0.75%. The purchase of Class O units is restricted, as disclosed in the PDS. The unaudited performance data shown is net of all fees and expenses, but does not reflect the annual \$20 small account balance fee which may be applicable to certain accounts.

¹ While the Cash Reserve Option will invest all of its assets in a money market mutual fund and will value its units based on the underlying money market fund share value, the Cash Reserve Portfolio itself is not a money market mutual fund. The Cash Reserve Option will not seek capital appreciation and may underperform other investment options. You could lose money by investing in this investment option. Although the money market fund in which your investment option invests (the "underlying fund") seeks to preserve its value at \$1.00 per share, the underlying fund cannot guarantee it will do so. An investment in this investment option is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. The underlying fund's sponsor has no legal obligation to provide financial support to the underlying fund, and you should not expect that the sponsor will provide financial support to the underlying fund at any time. Current 7-day yield represents net interest income generated by the investments for the past seven days and assumes that the same income is generated each week over a 365-day period. The 7-day yield more closely reflects current portfolio earnings than does total returns. The "with waiver" 7-day yield shown for the Cash Reserve Portfolio reflects the Program Manager's voluntary waiver of all or a portion of its service fee and Collegenest's waiver of all or a portion of its administration fee, as described above. Such waivers may be reduced or terminated at any time. Returns for the Cash Reserve Portfolio would have been lower in the absence of such waivers.

The performance shown represents past performance. Past performance is no guarantee of future results and current performance may be higher or lower than the performance shown. Principal value and investment returns will fluctuate, and investors' units, when redeemed, may be worth more or less than the original cost. For performance data current to the most recent month end, go to scholars-choice.com.

For performance data including the effects of sales charges, Class A units reflect the maximum front-end sales charge of 3.50% and the Class B units reflect the maximum deferred sales charge of 2.50%. Class C units have no initial or deferred sales charge, but are subject to a distribution fee of 0.75%. The purchase of Class O units is restricted, as disclosed in the PDS. The unaudited performance data shown is net of all fees and expenses, but does not reflect the annual \$20 small account balance fee which may be applicable to certain accounts.

BENCHMARKS: The benchmark performance is shown for illustrative purposes only. Investors cannot invest directly in an index and unmanaged index returns do not reflect any fees, expenses or sales charges. The benchmark for each Portfolio is a hypothetical blend of unmanaged indices based on a blend of returns for the benchmarks of the underlying asset categories and the Portfolio's target allocations to the funds in such categories. The blended benchmarks do not reflect the deduction of fees, expenses or sales charges. A Portfolio's benchmark may change over time to reflect changes in an asset category benchmark, the Portfolio's underlying funds and the Portfolio's target allocations to such funds. When a Portfolio's benchmark changes, the benchmark's new composition is utilized to calculate benchmark performance for periods from and after such change. Benchmark performance for periods prior to the change is not recalculated or restated based on the benchmark's new composition.

An investor should consider the Program's investment objectives, risks, charges and expenses before investing. The Program Disclosure Statement at scholars-choice.com/PDS, which contains more information, should be read carefully before investing. If an investor and/or an investor's beneficiary are not Colorado taxpayers, they should consider before investing whether their home states offer 529 plans that provide state tax and other benefits such as financial aid, scholarship funds, and protection from creditors that are only available to state taxpayers investing in such plans.

Investments in the Scholars Choice College Savings Program are not insured by the FDIC or any other government agency and are not deposits or other obligations of any depository institution. Investments are not guaranteed by the State of Colorado, CollegenInvest, QS Investors, LLC, Legg Mason Investor Services, LLC, or Legg Mason, Inc., or its affiliates and are subject to risks, including loss of principal amount invested.

Legg Mason, Inc., its affiliates, and its employees are not in the business of providing tax or legal advice to taxpayers. These materials and any tax-related statements are not intended or written to be used, and cannot be used or relied upon, by any such taxpayer for the purpose of avoiding tax penalties or complying with any applicable tax laws or regulations. Tax-related statements, if any, may have been written in connection with the "promotion or marketing" of the transaction(s) or matter(s) addressed by these materials, to the extent allowed by applicable law. Any such taxpayer should seek advice based on the taxpayer's particular circumstances from an independent tax advisor.
